

Company Profile

We are **KAYA MACHINERIES** and **INDUSTRIAL SUPPLIES** and we are a Machine Tool Sales and Service Company, not a trading firm. As such, KAYA maintains regular inventories of machines, spare parts & consumables and in-house Service & Application Department.

KAYA believes in honest business practices and we always provide prompt, dependable & trustworthy service and support. I would like to draw your attention to a few simple but very important business principles, which constitute the foundation of what we refer to as the KAYA value proposition.

1. Taking your business seriously

In this current promising yet fragile business condition, KAYA MACHINERIES and INDUSTRIAL SUPPLIES will treat every query with much gratitude with a sole objective of maximizing your business' returns. We shall craft competitive and flexible in-house financing deals that will aid in providing you with the machine tools, equipment, ancillaries, hardware, software and peripherals you need at the soonest possible time with the minimum amount of effort. Rest assured that WE shall not react poorly, KAYA shall brace your loyalty with proper support.

2. Honest & Fair pricing

We practice a "quote to win" philosophy: an attitude that drives us to put your needs first before ours to give you the most value for your money, the "best bang for the buck".

Our goal is to establish a healthy & meaningful partnership by helping you grow your business. Indeed, progress comes in meeting new challenges and therefore we shall provide you with pricing and flexible payment scheme that will suit your budget.

Your success would be our burning concern thus would certainly fuel our desire to succeed. Together we shall boost and nurture your business.

3. Prompt, competent, factory-certified & reliable service support

When a machine tools needs attention, customer' main concern is that it's corrected, returned, rectified to normal operation as quickly as possible. We understand what's important to your business and when a machine is down it is very costly and detrimental.

Therefore, our team is always prepared with all your service, application and training needs. This dedication to quality service is backed-up with factory trained service engineers and technicians attending intensive courses in maintaining and correcting machines ensures the utmost competency of every ground and field service personnel assigned.

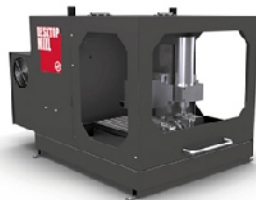

4. Inventory

We are result orientated and give high regards to such, therefore to guarantee prompt delivery & Service calls, we maintain regular inventory of both products and parts on the shelf.

At KAYA MACHINERIES AND INDUSTRIAL SUPPLIES the application of fair, reasonable and honest business practices are the only ways we know how to do business.
